

Central MA Family Support Resource Fair "A Roadmap for Success"

**Worcester Technical High School
10am to 3pm
April 22, 2009**

The Central Massachusetts Family Support Festival is a one stop opportunity to find out about what services you or your family member with a disability may qualify for. This is a drop-in event, with over 75 vendor agencies represented. Information and staff will be available all day long for you to talk to. Designed using a road map theme, this comprehensive event covers services for individuals from birth through senior citizens. On "Little Kid Lane", the area specific to young children, representatives will be present from Early Intervention, Child Care Resources and Referral Agencies, WIC and other community agencies providing services to this age group. If you are looking for information for a child in school or getting ready to transition to the adult system, you will want to take a walk down "School Street" or "Rocky Road". Medical and support information will be awaiting you on "Specialty Plaza". Navigating the system of state agencies will be made easier if you stroll down "State Street". If equipment or assistive devices are something you need help with, be sure to stop by "Technology Park". Both families and providers are welcome to stop in, pick up brochures, and speak to agency representatives.

This is a great opportunity – don't miss it!
