After School Programs

Your Child's Program

Students participating in an After Hours program should plan to bring a snack and a drink on the day of their program. Students get pretty hungry and we don't want any cranky kids! Students will be dismissed and should go directly to their program. They will have five minutes at the beginning of their class to eat.

Parents -plan to pickup your child where the class is meeting. PLEASE do not be late picking up your child. Most of our instructors have worked all day and they are anxious to get home.

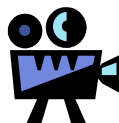

Program Cancellation

All programs will run unless you hear otherwise. We prefer to communicate via email so please make sure you check your email a day or two before your child's class is scheduled to start. No checks are deposited until the class begins. If a class does not run, your check will be voided and ripped up (this saves us the cost of postage for returning a check).

Class Cancellation

If your instructor has to cancel a class, you will be notified via telephone. Any cancelled classes will be made up at the end of the session.
