

Monthly Report – September 2007
Daniel Stefanilo, Superintendent

Overview of Activities for September 2007

- On September 26th, I met with the staff members from our Schools Partnering with Families (SPF). We have a monthly calendar of events commencing on October 17th. The first event will be about what your kids need you to know. Some topics on our calendar include: emotional wellness, bullying, and dating. I am looking forward to strengthening our school to parent relationships by offering some very powerful presentations.
- On September 27th, I met with Dr. Al Argenzino and Dr. Boyaj to update our progress relating to the EQA findings.
- Administrative Team Meetings: Our Administrative Team meetings have continued throughout the summer and our September meetings took place on September 4th and 18th. Some items of discussion included: Technology, Budget, Curriculum and Assessment, Leadership/Culture, iStaff/iPass, and Grandparent Day/Reading Day.
- General Meetings: This month the general meetings included a School Committee meeting, Technology Planning meetings, Budget Summit meeting, Capital Planning meeting, and a number of personnel meetings.
- Special Functions: During the late month of August, I attended an Ice Cream Social conducted by Representative Jennifer Callahan. At this presentation she gave the students of our mill program backpacks filled with school supplies. It was an enjoyable afternoon with the students, staff members and Representative Callahan.

Administrator,
Daniel J. Stefanilo
