

Monthly Report – February 2008
Daniel Stefanilo, Superintendent

Overview of Activities for February 2008

Due to the February vacation week, it was an unusually quiet month in the district. In conjunction with my day-to-day responsibilities, I attended to the following items:

- On February 8, I visited the MSBA to discuss our Statement of Interest.
- Throughout the month I have met with the staff at the Early Learning Center to discuss several topics. And on February 28, we held an all day meeting at the Police Station to discuss/review our Preschool ABA program.
- Administrative Team Meetings: During the month of February, the Administrative Team discussed several topics, they included: Curriculum Half-Day, March MCAS Testing, Professional Development Teams, MELA-O Training, Budget, Grants, School Calendar, and Policies.
- General Meetings: I continued to meet with my administrators and the Budget Sub-Committee relating to the FY09 budget process. In addition, I had several meetings regarding personnel related matters and I attended staff meetings.

I look forward to our continued efforts towards creating a successful budget for FY09 and in creating an effective and valuable policy manual.

Administrator,
Daniel J. Stefanilo
