

Monthly Report – March 2008
Daniel Stefanilo, Superintendent

Overview of Activities for March 2008

In conjunction with my day-to-day responsibilities, I attended to the following items:

- On March 7, I participated at the Blackstone Valley Superintendent's Collaborative meeting that took place at Blackstone Valley Technical High School.
- On March 11, the Art and Music programs (district wide) sponsored an event called "Celebrating the Arts". Students throughout the district had their art work displayed at the Whitin Library. During the day, Taft School students put on a musical performance for their parents and staff. And in the evening, the Whitin Middle School held a Jazz and Pasta night for the parents and the general public.
- On March 19, I attended our High School Student Council's first annual "Central Mass Hero" competition at Mechanics Hall in Worcester. Students from seven Central Massachusetts school districts participated in this event. The winner of the competition received a \$1000 scholarship given by the Capron Corporation and the proceeds from the door were given to a charity of their choice. The evening was a huge success.
- Administrative Team Meetings: During the month the Administrative Team came together and discussed several topics, they included: Progress reports, Budget, Policies, and School Committee meeting data.
- General Meetings: This month I have attended a School Committee meeting, negotiation meetings, an SBA meeting, and a public hearing for our FY09 budget. I have also met with staff to discuss programs and personnel issues.

Administrator,
Daniel J. Stefanilo
