

Monthly Report – April 2008
Daniel Stefanilo, Superintendent

Overview of Activities for April 2008

The month of April was a brief activity month due to Spring vacation. In conjunction with my day-to-day responsibilities, I attended to the following items:

- On Saturday, April 12, I attended a “Best Practice in Gifted Education” conference in Marlborough. I attended this conference with several of my administrators and some teaching staff. This conference included materials relating to talented and gifted programs we intend to pursue this upcoming year.
- Administrative Team Meetings: During the month of April, the Administrative Team met twice to discuss several topics, they included: FY09 Budget, Policies I and J, and Re-Organization ideas.
- General Meetings: The general meetings for the month of April included: a School Committee meeting, meeting with personnel about programs and miscellaneous issues, staffing legal matters, negotiation meetings, and budget discussions. Also, during the month, I held several staff meetings to discuss and review the new re-organizational plan for the upcoming school year.

Administrator,
Daniel J. Stefanilo
