

SCHOOL DISTRICT LEGAL STATUS

The legal basis for public education in the District is vested in the will of the people as expressed in the Constitution of Massachusetts and state statutes pertaining to education.

Under the General Laws of Massachusetts,

"... Every town shall maintain... a sufficient number of schools for the instruction of all children who may legally attend a public school therein."

The public educational system of Uxbridge structurally is a department of the town operated under laws pertaining to education and under regulations of the Massachusetts Board of Education. The area served by the Uxbridge Public Schools is coterminous with the Town of Uxbridge.

NOTE: A statement under this code is usually statutory and informational. This statement presents statutory information relating to Massachusetts school systems. Historical notes on the school system's organization and information on its areas or boundaries might also be included.

THE PEOPLE AND THEIR SCHOOL DISTRICT

The School Committee has the dual responsibility for implementing statutory requirements pertaining to public education and local citizens' expectations for the education of the community's youth. It also has an obligation to determine and assess citizens' desires. When citizens elect delegates to represent them in the conduct of public education, their representatives have the authority to exercise their best judgment in determining policies, making decisions, and approving procedures for carrying out the responsibility.

The School Committee therefore affirms and declares its intent to:

1. Maintain two-way communication with citizens of the community. The public will be kept informed of the progress and problems of the school system, and citizens will be urged to bring their aspirations and feelings about their public schools to the attention of this body, which they have chosen to represent them in the management of public education.
2. Establish policies and make decisions on the basis of declared educational philosophy and goals. All decisions made by this Committee will be made with priority given to the purposes set forth, most crucial of which is the optimal learning of the children enrolled in our schools.
3. Act as a truly representative body for members of the community in matters involving public education. The Committee recognizes that ultimate responsibility for public education rests with the state, but individual School Committees have been assigned specific authority through state law. The Committee will not relinquish any of this authority since it believes that decision-making control over the children's learning should be in the hands of local citizens as much as possible.

NONDISCRIMINATION

Public schools have the responsibility to overcome, insofar as possible, any barriers that prevent children from achieving their potential. The public school system will do its part. This commitment to the community is affirmed by the following statements that the School Committee intends to:

1. Promote the rights and responsibilities of all individuals as set forth in the State and Federal Constitutions, pertinent legislation, and applicable judicial interpretations.
2. Encourage positive experiences in human values for children, youth and adults, all of whom have differing personal and family characteristics and who come from various socioeconomic, racial and ethnic groups.
3. Work toward a more integrated society and to enlist the support of individuals as well as groups and agencies, both private and governmental, in such an effort.
4. Use all appropriate communication and action techniques to air and reduce the grievances of individuals and groups.
5. Carefully consider, in all the decisions made within the school system, the potential benefits or adverse consequences that those decisions might have on the human relations aspects of all segments of society.
6. Initiate a process of reviewing policies and practices of the school system in order to achieve to the greatest extent possible the objectives of this statement.

The Committee's policy of nondiscrimination will extend to students, staff, the general public, and individuals with whom it does business; No person shall be excluded from or discriminated against in admission to a public school of any town or in obtaining the advantages, privileges, and courses of study of such public school on account of race, color, sex, religion, national origin, sexual orientation or disability. If someone has a complaint or feels that they have been discriminated against because of their race, color, sex, religion, national origin, sexual orientation or disability, their complaint should be registered with the Title IX compliance officer.

NONDISCRIMINATION ON THE BASIS OF SEX

The School Committee, in accordance with Title IX of the Education Amendments of 1972, declares that the school system does not and will not discriminate on the basis of sex in the educational programs and activities of the public schools. This policy will extend not only to students with regard to educational opportunities, but also to employees with regard to employment opportunities.

The School Committee will continue to ensure fair and equitable educational and employment opportunities, without regard to sex, to all of its students and employees.

The Committee will designate an individual to act as the school system's Title IX compliance officer. All students and employees will be notified of the name and office address and telephone number of the compliance officer.

SEXUAL HARASSMENT

All persons associated with the Uxbridge Public Schools including, but not necessarily limited to, the Committee, the administration, staff, and students, are expected to conduct themselves at all times so as to provide an atmosphere free from sexual harassment. Any person who engages in sexual harassment while acting, as a member of the school community, will be in violation of this policy. Further, any retaliation against an individual who has complained about sexual harassment or retaliation against individuals for cooperating in an investigation of a sexual harassment complaint is similarly unlawful and will not be tolerated.

Because the Uxbridge School Committee takes allegations of sexual harassment seriously, we will respond promptly to complaints of sexual harassment and where it is determined that such inappropriate conduct has occurred, we will act promptly to eliminate the conduct and impose such corrective action as is necessary, including disciplinary action where appropriate.

Please note that while this policy sets forth our goals of promoting a workplace and school environment that is free of sexual harassment, the policy is not designed or intended to limit our authority to discipline or take remedial action for workplace or school conduct which we deem unacceptable, regardless of whether that conduct satisfies the definition of sexual harassment.

Definition of Sexual Harassment: Unwelcome sexual advances; requests for sexual favors; or other verbal or physical conduct of a sexual nature may constitute sexual harassment where:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of a person's employment or educational development.
2. Submission to or rejection of such conduct by an individual is used as the basis for employment or education decisions affecting such individual.
3. Such conduct has the purpose or effect of unreasonably interfering with an individual's work or educational performance or creating an intimidating, hostile, or offensive working or educational environment.

The Grievance Officer: **[Name, Office, Address, Phone Number]**

The committee will annually appoint a sexual harassment grievance officer who will be vested with the authority and responsibility of processing all sexual harassment complaints in accordance with the procedure set out below:

Complaint Procedure:

1. Any member of the school community who believes that he/she has been subjected to sexual harassment will report the incident (s) to the grievance officer. **All complaints shall be investigated promptly and resolved as soon as possible.**
2. The grievance officer will attempt to resolve the problem in an informal manner through the following process:
 - a. The grievance officer will confer with the charging party in order to obtain a clear understanding of that party's statement of the facts, **and may interview any witnesses.**

- b. The grievance officer will then attempt to meet with the charged party in order to obtain his/her response to the complaint.
 - c. The grievance officer will hold as many meetings with the parties as is necessary to establish the facts.
 - d. On the basis of the grievance officer's perception of the situation he/she may:
 - Attempt to resolve the matter informally through reconciliation.
 - Report the incident and transfer the record to the Superintendent or his/her designee, and so notify the parties by certified mail.
3. After reviewing the record made by the grievance officer, the Superintendent or designee **[Name, Office, Address, Phone Number]** may attempt to gather any more evidence necessary to decide the case, and thereafter impose any sanctions deemed appropriate, including a recommendation to the committee for termination or expulsion. At this stage of the proceedings the parties may present witnesses and other evidence, and may also be represented. The parties, to the extent permissible by law, shall be informed of the disposition of the complaint. All matters involving sexual harassment complaints will remain confidential to the extent possible. If it is determined that inappropriate conduct has occurred, we will act promptly to eliminate the offending conduct.
 4. The grievance officer, upon request, will provide the charging party with government agencies that handle sexual harassment matters.

NONDISCRIMINATION ON THE BASIS OF HANDICAP

Title II of the Americans With Disabilities Act of 1992 requires that no qualified individual with a disability shall, because the District's facilities are inaccessible to or unusable by individuals with disabilities, be excluded from participation in, or be denied the benefits of the services, programs, and activities of the District or be subject to discrimination. Nor shall the District exclude or otherwise deny services, programs, or activities to an individual because of the known disability of a person with whom the individual is known to have a relationship or association.

Definition: A "qualified individual with a disability" is an individual with a disability who, with or without reasonable modification to rules, policies, or practices, the removal of architectural, communication, or transportation barriers, or the provision of auxiliary aids and services, meets the essential eligibility requirements for the receipt of services or the participation in programs or activities provided by the District.

Reasonable Modification: The District shall make reasonable modification in policies, practices, or procedures when the modifications are necessary to avoid discrimination on the basis of disability, unless the District can demonstrate that making the modifications would fundamentally alter the nature of the service, program, or activity.

Communications: The District shall take the appropriate steps to ensure that communications with applicants, participants, and members of the public with disabilities are as effective as communications with others. To this end, the District shall furnish appropriate auxiliary aids and services where necessary to afford an individual with a disability an equal opportunity to participate in, and enjoy benefits of, a service, program, or activity conducted by the District. In determining what type of auxiliary aid or service is necessary, the District shall give primary consideration to the requests of the individuals with disabilities.

Auxiliary Aids and Services: "Auxiliary aids and services" includes (1) qualified interpreters, note takers, transcription services, written materials, assisted listening systems, and other effective methods for making aurally delivered materials available to individuals with hearing impairments; (2) qualified readers, taped texts, audio recordings, Braille materials, large print materials, or other effective methods for making visually delivered materials available to individuals with visual impairments; (3) acquisition or modification of equipment or devices and (4) other similar services and actions.

Limits of Required Modification: The District is not required to take any action that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity or in undue financial and administrative burdens. Any decision that, in compliance with its responsibility to provide effective communication for individuals with disabilities, would fundamentally alter the service, program, or activity or unduly burden the District shall be made by the School Committee after considering all resources available for use in funding and operating the program, service, or activity. A written statement of the reasons for reaching that conclusion shall accompany the decision.

Notice: The District shall make available to applicants, participants, beneficiaries, and other interested persons information regarding the provisions of Title II of the American with Disabilities Act (ADA) and its applicability to the services, programs, or activities of the District. The information shall be made available in such a manner as the School Committee and Superintendent find necessary to apprise such persons of the protections against discrimination assured them by the ADA.

EDUCATIONAL PHILOSOPHY

In today's society our children are continuously excited by new and challenging stimuli; adaptability to change therefore becomes a paramount objective of learning.

The mastery of basic skills is essential to our children as they prepare to function as responsible individuals. Children must also know how to direct their own learning by mastering the skills of independent inquiry, because circumstances do not enable us to predict with certainty just what today's children will need to know when they become tomorrow's adults. The optimum environment should be sought so that all children can develop physically and emotionally and acquire the information, academic skills, critical judgment, and creativity needed to lead to a better understanding of themselves, each other, and the world around them.

The school system must continually strive to create, implement, and improve programs that are compatible with appropriate curricula and provide opportunities for innovation in teaching and learning. If this is accomplished, children will then come to realize more fully their own potential as individuals and be better prepared to appreciate and act responsibly in the society in which they live.

CROSS REFS.: ADA, School District Goals and Objectives
 IA, Instructional Goals

SCHOOL DISTRICT GOALS AND OBJECTIVES

The goal of this school system is to accept responsibility for the development of each child into an adult who can stand confidently, participate fully, learn continually, and contribute meaningfully to society.

Five objects that contribute to the achievement of this goal, listed without priority in arrangement, define desirable outcomes to be incorporated into plans for the school system.

1. To ensure that each student develops proficiency in basic academic skills.
2. To ensure that each student develops the capacity to recognize and cope with the problems of an unknown future.
3. To ensure the development of meaningful, interpersonal relationships among students, staff and community.
4. To ensure maximum efficiency in the allocation of material resources.
5. To ensure maximum efficiency in the allocation of human resources.

SMOKING ON SCHOOL PREMISES

Use of any tobacco products within the school buildings, school facilities, or on school grounds or school buses by any individual, including school personnel and students, is prohibited at all times.

A staff member determined to be in violation of this policy shall be subject to disciplinary action.

A student determined to be in violation of this policy shall be subject to disciplinary action pursuant to the student discipline code.

This policy shall be promulgated to all staff and students in appropriate handbook(s) and publications.

Signs shall be posted in all school buildings informing the general public of the District policy and requirements of state law.

C.O.R.I. REQUIREMENTS

It shall be the policy of the Uxbridge Public Schools to obtain all available Criminal Offender Record Information (C.O.R.I) from the criminal history systems board of prospective employee(s) or volunteer(s) of the school department including any individual who regularly provides school related transportation to children, who may have direct and unmonitored contact with children, prior to hiring the employee(s) or to accepting any person as a volunteer. State law requires that school districts obtain C.O.R.I. data for employees of taxicab companies that have contracted with the schools to provide transportation to pupils.

The Superintendent, Principal, or their certified designees shall periodically, but not less than every three years, obtain all available Criminal Offender Record Information from the criminal history systems board on all employees, individuals who regularly provide school related transportation to children, including taxicab company employees, and volunteers who may have direct and unmonitored contact with children, during their term of employment or volunteer service.

The Superintendent, Principal or their certified designees may also have access to Criminal Offender Record Information for any subcontractor or laborer who performs work on school grounds, and who may have direct and unmonitored contact with children, and shall notify them of this requirement and comply with the appropriate provisions of this policy.

Pursuant to a Department of Education C.O.R.I. Law Advisory dated February 17, 2003, “‘Direct and unmonitored contact with children’ means contact with a child when no other C.O.R.I. cleared employee of the school or district is present. A person having only the potential for incidental unsupervised contact with children in commonly used areas of the school grounds, such as hallways, shall not be considered to have the potential for direct and unmonitored contact with children. These excluded areas do not include bathrooms and other isolated areas (not commonly utilized and separated by sight or sound from other staff) that are accessible to students.”

In accordance with state law, all current and prospective employees, volunteers, and persons regularly providing school related transportation to children of the school district shall sign a request form authorizing receipt by the district of all available C.O.R.I. data from the criminal history systems board. In the event that a current employee has questions concerning the signing of the request form, he/she may meet with the Principal or Superintendent; however, failure to sign the C.O.R.I. request form may result in a referral to local counsel for appropriate action. Completed request forms must be kept in secure files. The School Committee, Superintendent, Principals or their designees certified to obtain information under this policy, shall prohibit the dissemination of school information for any purpose other than to further the protection of school children.

C.O.R.I. is not subject to the public records law and must be kept in a secure location, separate from personnel files and may be retained for not more than three years. C.O.R.I. may be shared with the individual to whom it pertains, upon his or her request, and in the event of an inaccurate report the individual should contact the criminal history systems board.

Access to C.O.R.I material must be restricted to those individuals certified to receive such information. In the case of prospective employees or volunteers, C.O.R.I material should be obtained only where the Superintendent has determined that the applicant is qualified and may forthwith be recommended for employment or volunteer duties.

The hiring authority, subject to applicable law, reserves the exclusive right concerning any employment decision made pursuant to Chapter 385 of the Acts of 2002. The employer may consider the following factors when reviewing C.O.R.I.: the type and nature of the offense; the date of the offense and whether the individual has been subsequently arrested, as well as any other factors the employer deems relevant. Unless otherwise provided by law, a criminal record will not automatically disqualify an applicant. Rather, determinations of suitability based on C.O.R.I. checks will be made consistent with this policy and any applicable law or regulations.

If a criminal record is received from the Criminal History Systems Board (CHSB), the Superintendent will closely compare the record provided by CHSB with the information on the C.O.R.I. request form and any other identifying information provided by the applicant, to ensure the record relates to the applicant.

If the district is inclined to make an adverse decision based on the results of the C.O.R.I. check, the applicant will be notified immediately. The applicant shall be provided with a copy of the criminal record and the district's C.O.R.I. policy, advised of the part(s) of the record that make the individual unsuitable for the position or license, and given an opportunity to dispute the accuracy and relevance of the C.O.R.I. record.

The Superintendent shall ensure that on the application for employment and/or volunteer form there shall be a statement that as a condition of employment or volunteer service the school district is required by law to obtain Criminal Offender Record Information for any employee, individual who regularly provides school related transportation, or volunteer who may have direct and unmonitored contact with children. Current employees, persons regularly providing school related transportation, and volunteers shall also be informed in writing by the Superintendent prior to the periodic obtaining of their Criminal Offender Record Information.

The Superintendent shall amend employment applications to include questions concerning criminal records (see attachment) which the Massachusetts Commission against Discrimination has determined may be legally asked of prospective employees. Any employment application which seeks information concerning prior arrests or convictions of the applicant shall include the following statement: "An applicant for employment with a sealed record on file with the commissioner of probation may answer 'no record' with respect to an inquiry herein relative to prior arrests, criminal court appearances or convictions. An applicant for employment with a sealed record on file with the commissioner of probation may answer 'no record' to an inquiry herein relative to prior arrests or criminal court appearances. In addition, any applicant for employment may answer 'no record' with respect to any inquiry relative to prior arrests, court appearances and adjudications in all cases of delinquency or as a child in need of service which did not result in a complaint transferred to the superior court for criminal prosecution."

Records sealed pursuant to law shall not operate to disqualify a person in any examination, appointment or application for public service on behalf of the Commonwealth or any political subdivision thereof.

The Superintendent shall revise contracts with special education schools and other providers to require a signed statement that the provider has met all the legal requirements of the state where it is located relative to criminal background checks for employees and others having direct and unmonitored contact with children.

As soon as possible after the district obtains the certification from the criminal history systems board to receive C.O.R.I. data, the Superintendent shall obtain such data for any person then providing volunteer service, as a condition of continued service.

COMMITMENT TO ACCOMPLISHMENT

The School Committee accepts ultimate responsibility for all facets of school operations. Because it is accountable to residents of the District, the School Committee will maintain a program of accountability consisting of the following elements:

- Clear statements of expectations and purpose as these relate to operations, programs, departments, and positions.
- Provisions for the staff, resources, and support necessary to achieve stated expectations and purposes, subject to financial support by residents of the District.
- Evaluation of operations and instructional and staff development programs to determine how well expectations and purposes are being met.
- Specific performance objectives to enable individuals to direct their own efforts to the goals and objectives of the District.
- Evaluation of the efforts of employees in line with stated objectives, with the first purpose of evaluation being to help each individual make a maximum contribution to the goals of the District.
