Subject/Course/Classroom Activities

Monthly Faculty Meeting: The monthly meeting for Whitin School faculty was held on Monday, April 5, 2010. The faculty meeting agenda included attention to the following topics: curriculum planning projects, MCAS testing, report card timeline, and grade level bullying lessons. A copy of the complete faculty meeting agenda is attached.

Whitin Handbook Revisions: The Whitin School Council made amendments to the Student-Parent Handbook. Changes included bullying, lockers, search and seizure, and use of cell phones. A parent newsletter detailing these changes will be sent home with students in May. A copy of the newsletter is attached for your review.

District Wide Choral Concert: On Tuesday evening, April 13, 2010, the Whitin Middle School Chorus and the Uxbridge High School Chorus joined together in song to present “A Choral Extravaganza!” The Whitin Middle School, under the direction of Mrs. Jeanne Rapoza and Mr. Robert Hammerton, performed first. The high school choir, under the direction of Mr. Nick LaPete, concluded the concert.

Grade 8 Student Speaker at NELMS: On Friday, April 9, 2010, grade 8 student Mitchell Page introduced keynote speaker Debbie Sliver at the 29th Annual NELMS Conference in Rhode Island. Mitchell did a fantastic job. We are all proud and honored to have such a great student member of our community.

Spring 2009 MCAS: Whitin Middle School students participated in the first of two rounds of spring MCAS testing. Testing occurred from March 22, 2010 – April 7, 2010. The focus areas for this session were Reading Comprehension and English Language Arts Composition. The second MCAS session will occur in May. May’s MCAS schedule is attached.

Grade 8 End of Year Activities: The spring semester is a busy and exciting time for grade 8 students and their parents. Important events and activities such as MCAS testing, planning for high school, class trip, dinner dance, yearbook, grade 8 debates, and promotion night are scheduled for the upcoming final weeks. Following is a calendar of upcoming activities for grade 8 students:

| | |
|---------|--|
| June 1 | Grade 8 Class Trip to Six Flags New England Park |
| June 17 | Grade 8 Debates |

June 21 Dinner Dance at Arrow Head
June 22 Grade 8 Promotion Night Ceremony

Copies of parent newsletters relating to grade 8 activities are attached for your review.

Amy Puliafico, Assistant Principal

As a school community, we have spent considerable time developing the procedures outlined in the student handbook. We also continually strive to improve our procedures and align them with the rest of the district when appropriate. We would like to make you aware of several changes to the handbook.

BULLYING (in accordance with School Committee Policy File:JICFB)

The Uxbridge Public Schools are committed to maintaining a school environment free of bullying. Bullying of students by other students will not be tolerated by the Uxbridge Public Schools. This is enforced while students are on school grounds or property within the jurisdiction of the School District such as on school buses, or attending or engaging in school-related activities. Bullying is a civil rights violation and is subject to legal action.

Each student of Uxbridge Public Schools is personally responsible for ensuring that his/her conduct is not intimidating to any other student. Students exhibiting intimidating behavior are required to cooperate in any investigation of alleged bullying if requested to do so by the person conducting the investigation. Any individual who prevents or attempts to prevent an individual from making a complaint of bullying or fails to cooperate with, or interferes in any way with the investigation of such a complaint will be subject to disciplinary action.

➤ *Bullying Prohibited:* It is a violation for anyone to bully or intimidate a student through conduct or communication as defined below.

➤ *Definition of Bullying:* Bullying is defined as the act of one or more individuals intimidating one or more persons through verbal, physical, mental, electronic (as in cyberbullying) and/or written interactions. Bullying can take many forms and occur in virtually any setting, including bullying that originated outside the school setting, but has now caused a disruption within the school. Examples of bullying include, but are not limited to:

- Intimidation, physical, verbal, electronic, written or psychological
- Threats, stated or implied
- Assaults on students, including those that are verbal, written, electronic, physical, psychological and / or emotional
- Attacks on student and / or district property

What constitutes bullying is determined by the perspective of a reasonable person being made fearful. Therefore, students should consider how their behavior might reasonably be viewed by other individuals. It is also important for students to make it clear to others when a particular behavior or communication is unwelcome, intimidating, hostile or offensive.

➤ *Bullying and Retaliation Prohibited:* Bullying in any form or for any reason is absolutely forbidden. In addition, retaliation against a student who has brought a bullying complaint to the attention of the School District or who has cooperated in an investigation of a complaint under this policy is also prohibited and will not be tolerated by the Uxbridge Public Schools.

Students whose behavior is found to be in violation will be subject to disciplinary action, up to and including expulsion.

➤ *Guidelines:* The Uxbridge Public Schools encourages staff/students to bring any concerns and complaints of bullying to the attention of the principal and/or assistant principal so the issue may be resolved quickly.

Individuals who feel they are victims of bullying may use the following procedures for complaints:

A. Complaint by Student or Student Confidante

1. Student or student confidante (staff member, peer, parent/guardian) will immediately notify a teacher, the principal, or his/her designee.
2. The teacher, principal, or principal designee directly informs the person engaged in the perceived bullying and advises him/her that such conduct is offensive and must stop. This student may have a representative parent/guardian present at this level.

B. Investigation

Any individual encountering incidents of perceived bullying is urged to follow the chain of command specified above. All complaints should be brought to the attention of the principal or assistant principal. The principal or assistant principal may bring the matter to the attention of the Police, parents/guardians and/or the Superintendent of Schools. A preliminary investigation will be conducted by the principal and/or his/her designee and a written report, including conclusions and recommendations, will be shared with the parties involved. If there is any doubt as to whether particular offensive speech or conduct is prohibited by written school policy, school officials should give the student/employee a directive or warning before enforcing the consequences.

- *Decision:* The principal and/or assistant principal will make a determination based on the investigation. Discipline will be appropriate to the offense and the students may be disciplined up to and including suspension.
- *Discipline:* A substantiated charge against a student will subject that student to disciplinary action, based upon the principal's or assistant principal's judgment. The discipline will be consistent with the Student Code of Behavior. A student can also be disciplined for knowingly filing a false complaint or knowingly providing inaccurate information.
- *Confidentiality:* Information provided during an investigation of bullying will be treated as confidential. This means that such information will be shared with others on a need-to-know basis only.

LOCKERS

Lockers will be assigned to students at the beginning of the school year. If the locker is defective or damaged, students should report this fact to the Main Office immediately. Students may go to their lockers before school, and during assigned locker breaks. At all other times, permission must be obtained from a faculty member. Students may use only the lockers to which they have been assigned. *Students are advised to lock their lockers and keep them locked at all times.* Students are responsible for all materials stored in their assigned locker. Missing items are to be reported to the Main Office immediately.

Lockers are school property. The administration, and/or an appointed designee, has the right to search all lockers without prior notice.

SEARCH AND SEIZURE

In accordance with the guidelines issued by the Massachusetts Department of Education:

School lockers may be searched by the Principal or Assistant Principal for cause without notice. Locker searches may also include the use of Police K-9 Units with the cooperation of the Uxbridge Police Department. Master keys are available for these purposes.

Students are not allowed to store certain items in their desks or lockers, such as weapons, illegal drugs, alcoholic beverages, stolen property, etc. The school reserves the right to conduct inspections to insure compliance with these rules.

Pocketbooks, book bags, desks, or other items may be searched by the Principal or Assistant Principal for cause without notice.

Students may be asked to empty the contents of their pockets for cause by the Principal or Assistant Principal. If the student refuses, the parent/guardian will be summoned and the request repeated in their presence. Should the student and/or parent/guardian refuse to cooperate, the Police will be summoned.

Cell Phones

The use of cell phones is not permitted during the school day and never inside school buildings. Students may request the use of the phone in the Middle School Office. If, for safety reasons, a child carries a cell phone to school, it must be kept in his or her locker and turned off. As a result of the proliferation of text messaging, if a student's cell phone is confiscated, it will only be returned to the child's parent or guardian. If a student violates the cell phone policy repeatedly, the student may be prohibited from bringing a cell phone to school at the discretion of the administration. Please help us with this policy by refraining from contacting your child via cell phone during the day.

NEWSLETTER FOR PARENTS OF GRADE 8 STUDENTS

The Spring Semester is an Important Time for Students and Parents

The spring semester is traditionally a busy and exciting time for our grade 8 students. Important events and activities such as MCAS testing, planning for high school, class trip, dinner dance, yearbook, and promotion are scheduled for the upcoming final weeks. This special newsletter is intended to keep students and their parents informed about these varied upcoming events.

Third Quarter Report Cards

The third quarter for Whitin students ended last week. Report cards have been sent home to parents along with this newsletter. Parents/guardians are asked to sign the report card envelope and return it to the student's homeroom teacher as soon as possible.

"Tips for Success" for Grade 8 Students

The Principal will hold meetings with grade 8 students to offer suggestions relating to schoolwork and to stress the importance of making good choices during the final weeks of this school year. The enclosed copy of "Tips for Success" will be reviewed with all classes. Hopefully, parents can take a moment to discuss this information with students.

Yearbook News

A committee of students is working hard to design the 2010 edition of the Whitin Middle School Yearbook. Faculty members Michael Flanagan and Cathy Chauvin are serving as Yearbook Advisors. A copy of the Yearbook Order Form is enclosed in the report card envelope for students who wish to order a yearbook. The cost of our school Yearbook is \$20.00 – the deadline for ordering is Friday, April 30, 2010.

Grade 8 Class Trip – Preliminary Information

This year's Grade 8 Class Trip to Six Flags New England is scheduled for Tuesday, June 1st. For many people, there is one simple reason to go to an amusement park: the rides. Whitin School students will find an even better reason to go: math and science. Students will spend Tuesday, June 1st at Six Flags where volunteer instructors will help them learn about physics and math. To prepare for our trip, students will be expected to complete a course of study in science and math classes that involves learning formulas and strategies for calculating specific events. Upon completing these lessons successfully, the reward will be a visit to Science and Math Day at Six Flags. Students will be given activity packets, and chaperones will provide a worksheet and experiments geared especially for 8th graders. Students will be expected to record observations, answer questions, and investigate different physical events throughout the day. This cross-curricular activity should prove to be a positive learning experience for all of us.

Please note: Grade 8 students will be required to complete all trip related assignments in order to participate on June 1st. Any student suspended from school may be excluded from the trip. Any student with three (3) behavioral/homework detentions will be excluded.

Grade 8 Dinner Dance

The annual Grade 8 Dinner Dance is scheduled to be held on Monday evening, June 21st at Arrowhead Acres, 92 Aldrich St., Rt. 98 from 6:00-9:00P.M. This event represents the last opportunity for 8th graders to meet socially as a class. The following preliminary information is intended to help parents plan for this event.

The dinner dance is not a high school prom. Parents are asked to cooperate by keeping it simple. Gowns, extravagant dresses, and tuxedos are too formal. Flowers are not necessary. Limousines are not appropriate. The dinner dance is not planned as a couple's event. We ask that you not escort your child into the facility to prevent congestion. We have found this delays the start of their special evening.

Students can have a good time. For boys, a shirt and tie or a collared shirt with slacks (no jeans) is appropriate. For girls, dresses, skirts or dress slacks are good choices. Your cooperation and support will be greatly appreciated.

Grade 8 Promotion Night Ceremony

Tuesday Evening, June 22nd in the Whitin Gym
Awards – Recognition – Promotion Certificates

Make Good Choices – Think Before You Act

On School Busses – In the Halls – In the Lunchroom
In Lavatories
Avoid Teasing and Bullying – Attitude – Effort – Respect
Suspension Could Lead to Exclusion from Events

Dress Code – As the warm weather approaches, it is only natural to want to dress for the long awaited warm weather and this is the perfect opportunity to revisit the school's dress code.

**Copy of dress code attached.*

Additional Parent Newsletters that include detailed information about upcoming grade 8 activities will be sent home as plans for each event are finalized.

Tips for Success for Grade 8 Students during the Final Weeks

Schoolwork is Priority #1...

- Pay attention during class time
- Complete homework assignments
- Plan for study time each day
- Prepare for tests and quizzes
- Use your school time wisely
- Plan to do your best on MCAS
- Practice a “can-do” attitude
- Get extra-help if you need it

Make Good Choices: Stop-Think-Act...

- You have choices
- Choices have consequences
- Some are positive
- Some are negative
- Some will affect you
- Some will affect others
- Some will happen now
- Some will happen later
- Some will change the future
- Think before you choose

Making Good Choices is Especially Important...

- On school busses
- In the hallways
- During lunchtime
- At dismissal time
- To avoid teasing and bullying
- When using the internet
- When meeting deadlines
- Every other time

Student Dress Code

A student who is inappropriately dressed will be asked to call home to attain proper clothing for the school setting. Students who violate this policy will be subject to the following progression of discipline:

- Warning, possible changes of clothing, possible notification to parents
- Change of clothes and a formal warning and notification to parents
- Change of clothes and a detention and notification to parents
- Subsequent offenses will result in one day suspension and a parental conference

Changes in style of dress and trends in clothing make it difficult to list all guidelines for appropriate school dress. Therefore, the Principal and/or Assistant Principal may consult with the school nurse and social workers to make judgment in matters relating to dress code issues.
